Are YOU Giving Someone a HEADACHE?

Respiratory issues, migraines, and even confusion can be caused by synthetic chemicals in our scented personal care products. While we realize it may be impossible for every person to eliminate every chemical, we do ask that you please be considerate of fellow worshipers who may be struggling during their time here because of issues with your chemically based products. Please refrain from using perfumes, colognes, and hair sprays with heavy scents when you're going to be at church. Thank you!

New Here?

We are so glad you joined us today!

We know that checking out a church is a big step, but we are excited to have you here and want to help you discover what God wants to do in your life.

This morning we will praise God through inspiring music and share a practical and thought-provoking message from God's Word.

Our desire is that you will sense God's presence here today and be able to carry that with you through the coming week.

Behold
the
Lamb of
God, who
takes away
the sin of the
world.

John 1: 29
